SUMMARY OF THE REASONS FOR DECISION:

The computer printout entitled *Exhibit 33\C\WINDOWS\Temporary Internet Files\Content.IE5\GR0FAXIF\m1[1].jpg* is classified as:
Objectionable.

This classification is because the publication promotes and supports the exploitation of children for sexual purposes.

The computer printout consists of text and a colour photographic image. The image depicts a young girl posed with an older man who is lifting her top to expose her chest. The girl looks to be approximately 8 years old. The Classification Office considers that the main purpose of the publication is the titillation of persons with a prurient interest in children.

This classification places a restriction on the freedom of expression outlined in the New Zealand Bill of Rights Act 1990 (NZBR Act). The result of the publication falling within the criteria of s3(2) of the Films, Videos, and Publications Classification Act 1993 (FVPC Act) is prescribed by law, in accord with Parliament's intention that publications to which s3(2) criteria apply should be banned so as to prevent injury to the public good.
